Hello Mr. Stokes,

On behalf of the Georgia Governor's Office of Highway Safety and all of the youth and young adults who attended our 2006 Youth and Young Adult Highway Safety Leadership Conference, I'd like to sincerely thank you for all that did for our conference, our agency and our youth of tomorrow.

Since our conference reaches approximately 500 youth and young adult from across the state, it is pertinent for our agency to contract with the 'best of the best' when it comes to speakers, presenters and exhibitors. You, by far, exceeded our expectations from day one.

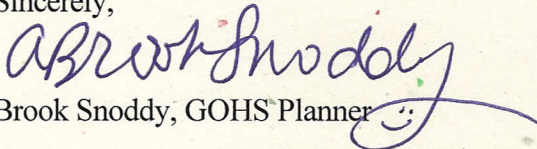

It was two months before our conference and we were still looking for the perfect inspirational/motivational speaker to kick off the conference. We had interviewed and talked with many speakers, but from the moment we spoke with you about our needs and in hearing your response, we knew we found the perfect match!

The most surprising and comforting thing about you as a speaker, is your presence. You make everyone (students, advisors, teachers, other presenters, etc.) feel so warm and welcome. Students and teachers both flocked to you from the minute your presentation was over to the very end of the conference.

Finally, I'd like to personally thank you from the bottom of my heart for staying around and helping out with the conference to the very end. As one of the planners of the conference, I have never seen a speaker present for the entire conference from start to finish...I can't thank you enough!

Thanks for your efforts, GOHS looks forward to working with you in the future.

Sincerely,

Brook Snoddy, GOHS Planner
